

CLAIMS

1. A portable container for carrying one or more tools, the container having an outer surface provided with means for retaining a work surface thereon.  
5
2. A portable container as claimed in claim 1 wherein the means for retaining comprises one or more raised members.
3. A portable container as claimed in claim 2 wherein the raised members are  
10 moveable along the outer surface of the container.
4. A portable container as claimed in claim 2 or 3 wherein the raised members are detachable.
- 15 5. A portable container as claim in claim 2 wherein the raised members are fixed.
6. A portable container as claimed in claim 5 wherein the raised members are integral with the outer surface.
- 20 7. A portable container as claimed in any one of claims 2 to 6 wherein the raised members are a plurality of flanges and/or pins.
8. A portable container as claimed in any one of claims 2 to 7 wherein the raised  
25 members are positioned at or adjacent the periphery of the outer surface.
9. A portable container as claimed in any preceding claim wherein the work surface is a chopping board.
10. A portable container as claimed in any preceding claim wherein the container has a  
30 second opposed outer surface having non-slip means.

11. A portable container as claimed in any preceding claim wherein the inside of the container includes means for retaining one or more tools.
12. A portable container as claimed in claim 11 wherein the means for retaining tools  
5 includes a moulded tray, magnetic material and/or one or more clips.
13. A portable container as claimed in any preceding claim wherein at least a part of container is made of plastics material, light weight metal or wood.
- 10 14. A kit of parts comprising a portable container for carrying tools having an outer surface provided with means for retaining a work surface thereon, a work surface for retention on the outer surface of the container, and a set of tools for storing inside the container.
- 15 15. A kit as claimed in claim 14 wherein the work surface can be stored inside the container.
